

Peter Parker

"I highly recommend Peter Parker at White Mountain Tree Service. We have all used him for years at Birch and he is an absolute wizard at dealing with everything. As an example, he last year took down six trees draped over our main power lines, plus a bunch of trees for residents, previously took down two 130' pines at my neighbor's camp that were 4' away from his power line connection into the corner of his camp with no problem, took down a 125' forked pine for me where one of the forks was directly over my camp. It is worth the price of admission to watch him work." – Jack Hanover (Birch)

"We had some tree cutting done last year on Mink Island by Peter Parker and were highly impressed not only by his skill but also by his reasonable price." – John and Margy Knox (Mink)

"There is only one "go to" guy and that's Peter Parker at White Mountain Tree Service. He does all the work on Birch and Steamboat". – Howard Stoner (Steamboat)

"I can strongly recommend Peter Parker with White Mountain Tree Service. You will need to pick him and his crew up at Glendale. We have used him for years." – Ripley Forbes (Birch)

Steve Labonte

Froggy Hebert

“I live on the west side of Welch Island. Last Fall I needed to drop a huge pine tree in my yard probably 3 feet in diameter and easily 100 feet tall. I used an individual from Rumney, NH. He goes by froggyman but don't let this name fool you. He's all business when it comes to cutting down big trees. He did a masterful job and I highly recommend him.” Tom Mullen (Welch)

Kevin Moses

“We used Kevin Moses of Tactical Tree Service. He is called “the tree monkey”. He didn't have a boat when we used him so we picked up he and his crew at Glendale. Paul Hackett of Lockes Island recommended him to us. He had a crew of three, worked hard, cleaned up and I would use him again.”
